

# FRESH AIR Mobile™

RECHARGEABLE

## Features ActivePure® Technology, proven to reduce up to 99.9% of many common types of bacteria, viruses, and mold<sup>1</sup>

### THE TECHNOLOGY

The Vollara Rechargeable FreshAir Mobile is a portable air purifier intended to reduce contaminants in the air and on surfaces in smaller indoor and personal spaces. Patented ActivePure Technology is an advanced air and surface purification technology. It has been proven to reduce up to 99.9% of many common airborne and surface contaminants in indoor spaces (list of tested pathogens can be found in "The Proof" section below).

**ActivePure Technology does not replace the need to follow public health guidelines and should be used as complementary technology.**

### THE PROOF

In extensive unaffiliated lab testing, ActivePure® Technology has been proven to significantly reduce numerous contaminants and pathogens including the following:<sup>1</sup>

- *Aspergillus niger* endospores
- *Aspergillus versicolor*
- *Bacillus globigii*
- *Botrytis cinerea*
- *Candida auris*
- *Clostridium difficile*
- *E. coli*
- *Erwinia herbicola*
- H1N1 Influenza
- H5N8 Influenza
- *Legionella pneumophila*
- *Listeria monocytogenes*
- Monkeypox virus (MPXV)
- MRSA
- *MS2 Bacteriophage*
- Murine Norovirus
- *Mycobacterium tuberculosis* (TB)
- PhiX-174
- Respiratory syncytial virus (RSV)
- SARS-CoV-2
- *Salmonella enterica*
- *Sclerotinia sclerotiorum*
- *Staphylococcus aureus*
- *Staphylococcus epidermidis*

### THE BENEFITS

- The Vollara Rechargeable FreshAir Mobile lets you bring our proprietary ActivePure Technology with you on the go without needing to plug it in. This versatile mobile unit provides 24/7 air purification and surface decontamination in smaller indoor spaces up to 50 sq. ft., while the unit is running.
- Uses ActivePure Technology, proven to reduce up to 99.9% of many common types of bacteria, viruses, and mold in indoor air and surfaces<sup>1</sup>
- Reduces VOC gases, smoke, and odors without the use of ozone<sup>1</sup>
- Multiple settings let you customize and optimize its usage for various environments ranging from a car, hotel room, small office, or camper
- Powered by a rechargeable battery, giving you greater versatility to breathe fresh, purified air anywhere you go
- Touch sensitive settings to provide ease of operation and function
- Features 2-Hour and 4-Hour Timer
- Can be charged via a USB 2.0 or 3.0 port or using the included 120 VAC to 5 Volt DC Adaptor

RECHARGEABLE

**Product Information** 50119; Model: A1018E

**Environmental** Meets California ozone emissions limit: CARB certified

**Certifications** Validated to UL 2998

**Technology Included** ActivePure® Technology – (1) 2.5" Assembly

**Electrical** Input Voltage: 5 Volts DC; 1.0 Amp

Power: 5 Watts

8-hour usage per full charge

**Mechanical** Single-speed fan

Timer: 2H, 4H

**Safety** Conforms to UL 507

8 oz (226.8 g)

**Weight & Dimensions** 1.0" H x 3.6" W x 6.0" D

(2.5 cm x 9.2 cm x 15.3 cm)

**Operating Temperature** 45°F - 100°F (7.2 °C - 37.8 °C)

**Coverage** Up to 50 sq. ft. (4.6 m<sup>2</sup>) with uniform air diffusion; for single occupant use  
*Dependent on occupancy of the space*

**Warranty** Limited 1 Year Warranty  
Terms and conditions may apply
